

- **Stepwise Output Screenshot**

Step 1.a: Dashboard.html:

This is the welcome page of the website. From here, we have a navbar to navigate to home or contact us page. Also, we have the logo, search product/brand option, and some buttons to navigate to other pages. Firstly, if we choose Home from nav bar, it will stay in the same page.

Step 1.b: If we click on the contact us from nav-bar, it will redirect to contact us page as shown below:

Step 2a: Contact Us: In the contact us page, we have the contact details of the company with a query form below.

**Contact Us**

WhatsApp us : 9876543210  
 Call Us : 1800 000 0000  
 8:00 AM to 8:00 PM, 365 days  
 Should you encounter any bugs, glitches, lack of functionality, delayed deliveries, billing errors or other problems on the beta website, please email us on kitchenstory@gmail.com  
 Or

Please submit your queries by filling out this form. We will get in touch of you soon.

First Name:  Middle Name:  Last Name:

Email Address:

Contact No.

Step 2.b: In the query form, we have the submit and cancel button and the other fields such as first name, last name, phone no. etc. There are some mandatory fields which needs to be filled to submit the form. If the user clicks on cancel, it will redirect to the home page. The screenshot is shown below:

Please submit your queries by filling out this form. We will get in touch of you soon.

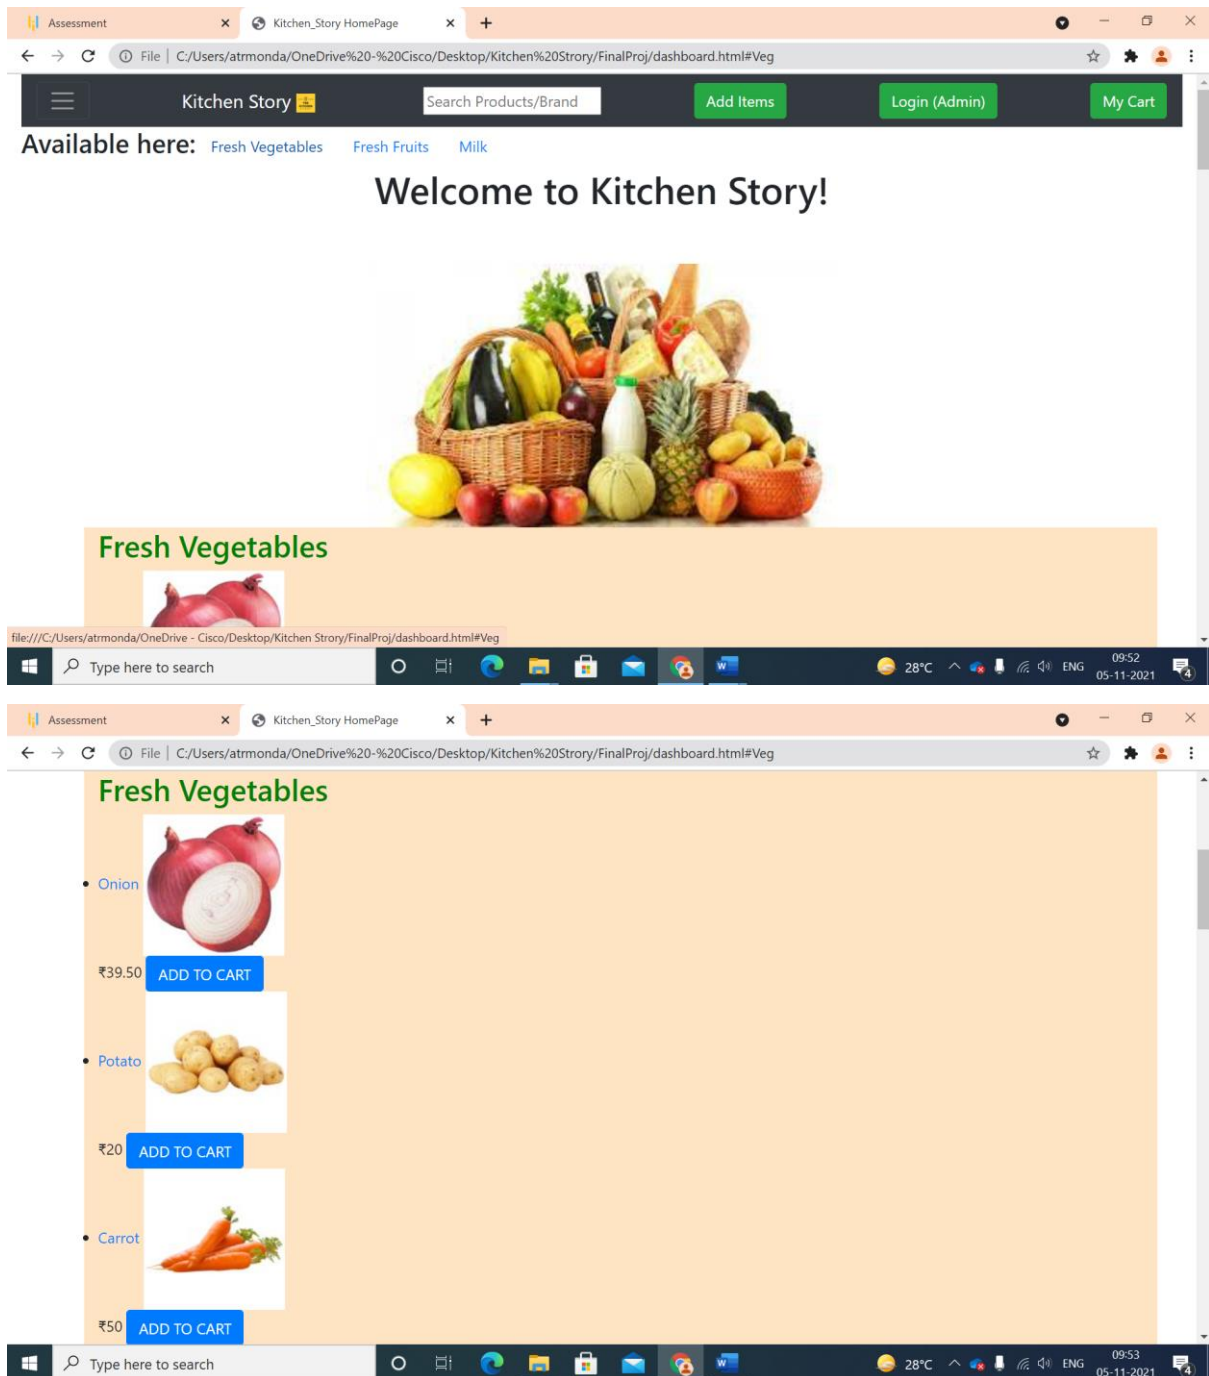

First Name:  Middle Name:  Last Name:

Email Address:  ⚠ Please fill out this field.

Contact No.

Enter your query:

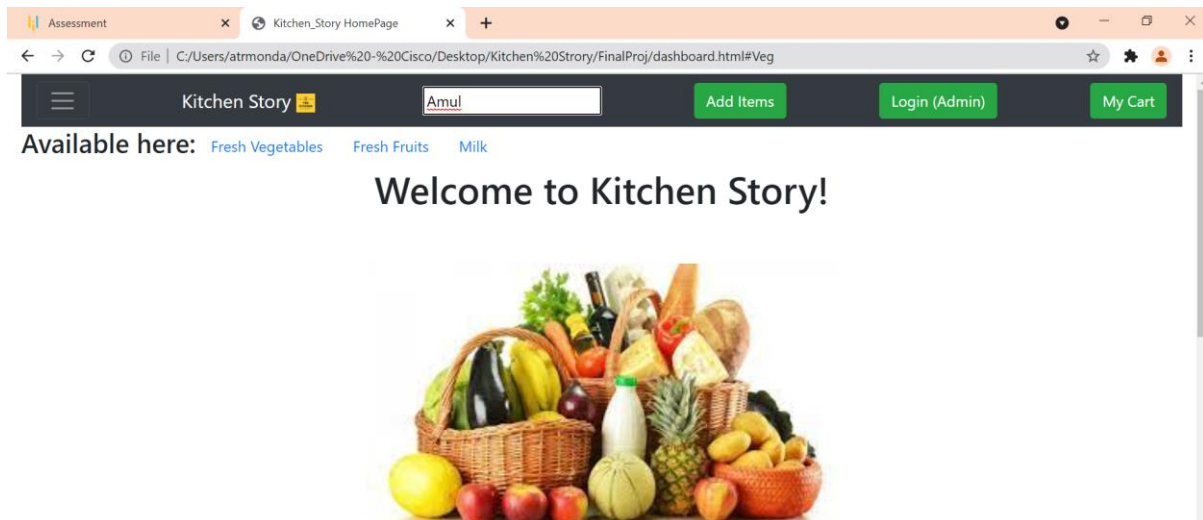

Step 3: There is an “available here” nav bar in the home page which redirects to list of fresh vegetables, fresh fruit and milk accordingly when each pone is click. For e.g.: if user clicks on fresh vegetable, then it will show the fresh veg section, shown below:

Similarly for fruit and milk will work.

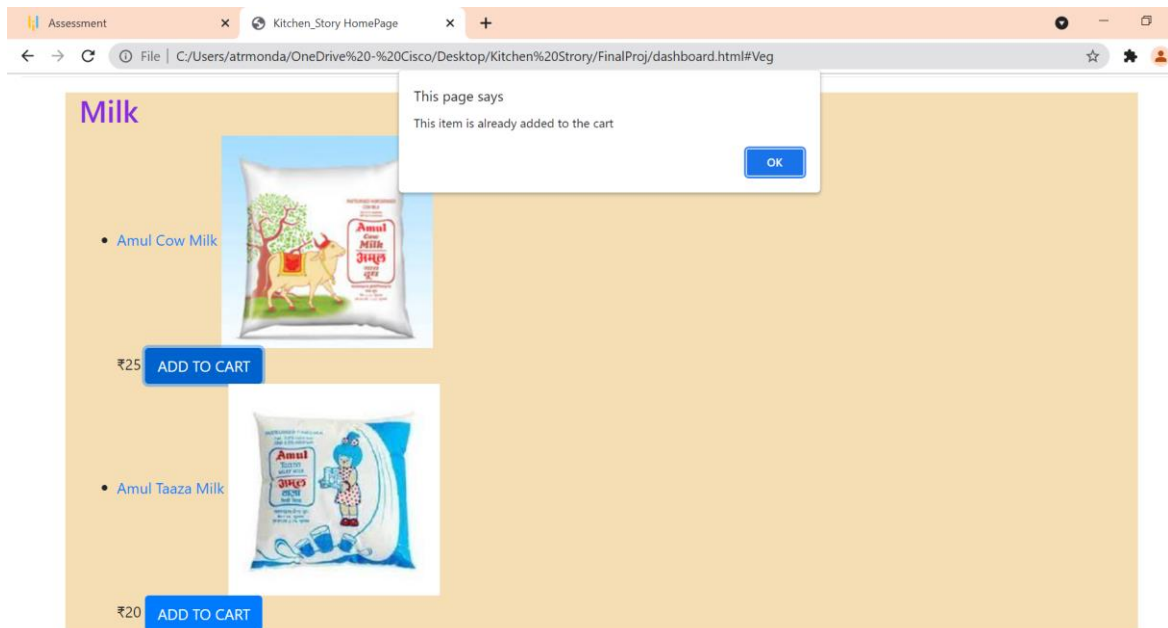

Step 4:

There is a search bar in the home page to search for any available items or brands. For e.g.: in the milk section, we have Amul, metro and mother dairy milk. If user type Amul in search bar, it will show the 2 types of Amul milk available in the website with price, quantity and option to add to cart.

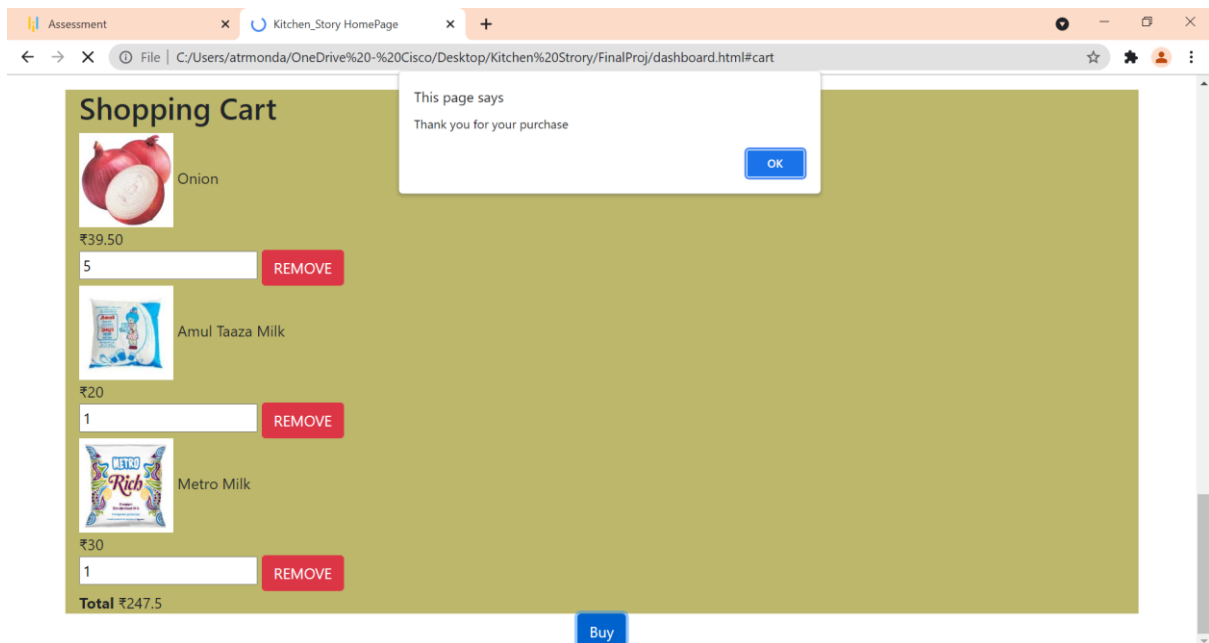

Step 5:

If we select add to cart, then it will be added to cart.

Step 6: User can edit the quantity required or remove from cart section by clicking on the My Cart button from the top navbar of the home page. In the shopping cart section, also a link to buy and item total is shown.

Step 7: (Payment.html) Then after clicking on buy, it will redirect to the payment page, as shown below:

**Congratulations!**  
Your Payment is Successful...  
Order confirmed ! Thank you!  
Order id: 1234

Step 8: There is an option to login for the admins. From Home Page if admin click login(admin) button from the navbar, then it will redirect to the login page.

**Welcome to Kitchen Story!**  
Only Admin can Login Here !

A login form on a yellow background. It contains two input fields: 'User Name : Admin' (which is pre-filled and not editable) and 'Password : ' followed by an empty input field. Below these fields is a 'Login' button. At the bottom right of the form is a link that says 'Forgot password?'.

Step 9a: The Username is Admin which is not editable, and password is “12345”, if the password is entered wrong it will show an alert, as shown below.

User Name :

Password :

[Forgot password?](#)

Step 9.b: After login with the correct password “12345”, it will show the admin page where the list of all products is shown with the functionality to add/delete items.

User Name :

Password :

[Forgot password?](#)
